PROFILE

I am a high-caliber Mathematics Educator and Quantitative Specialist with Master's degrees in both Mathematics and Physics. I combine over 10 years of diverse educational and operational leadership with advanced expertise in Data Analytics.

As an Online Mathematics Tutor, I specialize in international curricula, making complex calculus, linear algebra, trigonometry, and statistics visually engaging and intuitive for students worldwide. My teaching setup integrates Microsoft OneNote, GeoGebra, and a graphics tablet to provide an interactive learning experience.

WORK EXPERIENCE

Online Mathematics Tutor (Freelance) 2026-Present
Preply, Superprof, Upwork

- Built a highly interactive teaching configuration using graphics tablet, Microsoft OneNote, and a physical desktop layout.
- Utilize AI and GeoGebra side-by-side to visually demonstrate complex calculus, trigonometry, and statistical theorems to international learners.

Independent Mathematics Educator 2009-Present

- Engaged in continuous mathematical application, curriculum review, and conceptual mentoring.
- Provided one-to-one and small-group tutoring across home, college, university, and institute environments for varied durations.

Desi Farm (SMC-Private) Ltd 2016-2025
Chief Executive Officer

- Directed full-scale operations, resource allocations, and administrative systems for an agricultural venture over a comprehensive 10-year tenure.
- Formally appointed as Authorized Officer to govern corporate compliance, optimize organizational performance, and systematically track monthly operational data.

EDUCATION

Master of Science (M.Sc.) in Mathematics 2009
University of the Punjab, Lahore, Pakistan

Master of Science (M.Sc.) in Applied Physics 2013
FUUAST Islamabad, Pakistan
